

Policy Name:	Policy waste disposal - landfill Policy
--------------	---

Code:	BAU_037	Published date:	2023
Reviewed Date:	2025	Confidentiality status:	Public
Accreditation:	Quality Assurance and Continual Improvement Council (QACIC)		

#### Responsibilities:

Implementation:	All BAU's Academic Colleges, Administrative Units, and Scientific Centers.
Revision and improvement:	Development and Quality Assurance Center

#### Policy (Arabic):

تلتزم جامعة البلقاء التطبيقية بتنقیل النفايات المرسلة إلى المكبات إلى أدنى حد ممكن، وإدارة ما يتعدى تجنبه من التخلص منها بطريقة آمنة ومسؤولة ومستدامة بيئياً. وتتضمن هذه السياسة الامتثال للتشريعات البيئية الأردنية والمعايير الدولية، كما تدعم أهداف التنمية المستدامة للأمم المتحدة (الهدف 11: مدن ومجتمعات محلية مستدامة، الهدف 12: الاستهلاك والانتاج المسؤولان، الهدف 13: العمل المناخي).

#### Policy:

Al-Balqa Applied University (BAU) is committed to minimizing landfill waste and managing unavoidable disposal in a safe, responsible, and environmentally sustainable manner. This policy ensures compliance with Jordanian environmental laws, international standards, and supports the United Nations Sustainable Development Goals (SDG 11: Sustainable Cities and Communities, SDG 12: Responsible Consumption and Production, SDG 13: Climate Action).

#### Scope:

This policy applies to all campuses, departments, staff, students, and contractors involved in waste generation, collection, and disposal at BAU.

**Objectives:**

No.	Objective
1-	Reduce landfill dependency by promoting waste minimization, reuse, and recycling.
2-	Ensure safe disposal of non-recyclable and residual waste through authorized landfill sites.
3-	Comply with national and international regulations on waste management and landfill use.
4-	Promote awareness among staff, students, and contractors regarding sustainable waste practices.
	Monitor and report landfill waste volumes to support continuous improvement.

**Related Procedures:**

No.	Procedure
1-	Separate waste at the source into four categories: (Recyclables, Compostables, Hazardous waste, and Landfill waste)
2-	Transport only non-recyclable and non-compostable residual waste to government-approved landfill sites.
3-	Store waste securely and ensure transportation prevents leakage, scattering, or environmental harm.
4-	Provide training workshops to staff, students, and contractors to encourage landfill waste reduction.
5-	Monitoring landfill waste volumes
