

Community Outreach and Societal Impact at Al-Balqa Applied University

Aligned with its mission, Al-Balqa Applied University (BAU) actively engages with local communities by offering, managing, and delivering a wide range of outreach projects across multiple sectors, including education, health, information services, reading and literacy programs, community engagement, and tutorial support. Implemented through colleges in collaboration with diverse partners, these initiatives are inclusive, practice-oriented, and responsive to community needs. They reflect BAU’s strong commitment to social responsibility, knowledge-sharing, and advancing sustainable development beyond the university campus.

Alignment of Outreach Activities with SDGs and Institutional Frameworks

SDG	SDG Title	Alignment with BAU Outreach Activities
SDG 1	Addressing Poverty Policy	Scholarships and financial aid programs for students from low-income families Tuition fee reductions and exemptions, including support for refugees and vulnerable groups Inclusive admission policies that ensure equal opportunities for disadvantaged populations
SDG2	Zero hunger	Providing affordable, healthy food options on campus for students and staff Selling agricultural products at low cost to the local community through university farms Encouraging initiatives that ensure equitable access to nutritious food, especially for vulnerable groups

SDG 3	<u>Good Health and Well-being</u>	Health awareness campaigns, free medical days, preventive education, community health services
SDG 4	<u>Quality Education</u>	Training workshops, school outreach, academic exhibitions, knowledge exchange initiatives
SDG 10	<u>Reduced Inequalities</u>	Inclusion initiatives, outreach to schools, support for vulnerable groups, disability inclusion
SDG 11	<u>Sustainable Cities and Communities</u>	Civic engagement, awareness campaigns, community-based initiatives, safety and social programs
SDG 13	<u>Climate Action</u>	Environmental campaigns, tree planting, sustainability awareness activities
SDG 16	<u>Identify and Engage with Local Stakeholders Policy</u>	The Board of Trustees, Deans' Council, and faculty-level councils Clear policies and procedures regulating academic and administrative processes Strategic planning aligned with national priorities and SDGs
SDG 17	<u>Partnerships for the Goals</u>	Collaboration with KOICA, ministries, NGOs, hospitals, industry, and international partners

BAU actively engages with local communities by offering, managing, and delivering a wide range of outreach projects across multiple sectors, including education, health, information services, reading and literacy programs, community engagement, and tutorial sessions. These initiatives reflect BAU's commitment to social responsibility, knowledge-sharing, and fostering sustainable development beyond the university campus.

Below samples of outreach projects for the local community.

No	Type of outreach projects
1	<u>Education & Tutorial Programs</u>
2	<u>Health and Medical</u>
3	<u>Community Engagement & Social Development</u>

DIGIWAVE

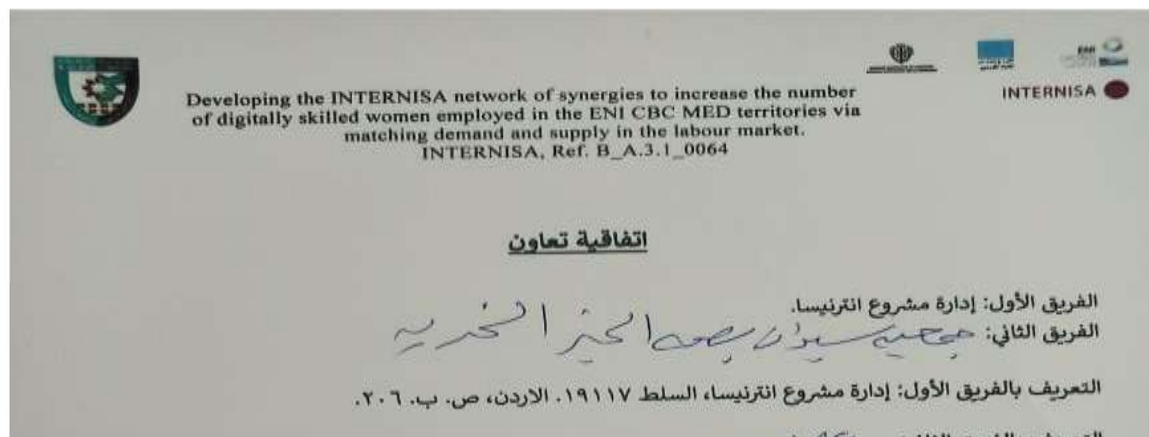

Al-Balqa Applied University actively contributes to international outreach initiatives that extend educational and capacity-building services beyond the campus and national context. Through its participation in the [DIGIWAVE](#) project, co-funded by the European Union, the university engaged in collaborative workshops with regional and international partners to design and deliver inclusive training programmes targeting women across partner countries.

This initiative reflects BAU’s role in delivering outreach through knowledge exchange, skills development, and community empowerment, particularly for underrepresented groups. By contributing to the development of practical, needs-based training frameworks, the university supports wider access to education and enhances social and economic participation at the community level.

Community Outreach Evaluation of Inclusive Community-Based Curriculum Project

An evaluation activity was conducted as part of a community outreach project focused on inclusive education and community integration, in collaboration with external partners. The initiative assessed efforts to improve accessibility and support people with disabilities, reflecting BAU's commitment to inclusive environments, equal opportunities, and engagement with community-based development projects.

Community Outreach Initiative Using AI and Virtual Reality in Physical Education (EduMotion VR)

BAU launched the EduMotion VR initiative as a community outreach effort to integrate artificial intelligence and virtual reality into physical education. The initiative supports innovative learning approaches and extends educational benefits to the wider community, reflecting BAU's commitment to enhancing teaching practices, promoting technological awareness, and contributing to community-oriented educational development.

Community Outreach Dialogue Seminar on Youth Engagement and Political Awareness

BAU organized a community outreach dialogue seminar aimed at enhancing political awareness and encouraging active youth participation in public life. The event engaged students and community stakeholders in discussions on civic responsibility, inclusivity, and democratic engagement, reflecting BAU's role in promoting informed participation and community-oriented development.

Community Outreach Training in Media and Communication Skills

BAU hosted a community outreach training in collaboration with a local initiative to develop media and communication skills among youth participants. The training aimed to enhance participants' ability to engage with media platforms and represent community and volunteer initiatives effectively, reflecting BAU's role in empowering youth and supporting local community development.

Community Outreach Training on Graduate Tracking Systems in Collaboration with KOICA

BAU hosted a community outreach training in collaboration with KOICA to enhance graduate tracking systems and support employment development initiatives. The activity engaged university staff and stakeholders while contributing to improved services for graduates and the wider community, reflecting BAU's role in strengthening employability, data-driven planning, and community-oriented capacity building.

Community Outreach Exhibition of Fashion Technology Graduation Projects

BAU organized a community outreach exhibition to showcase graduation projects of Fashion Technology students, engaging members of the local community and industry representatives. The event highlighted creative designs inspired by cultural identity and supported knowledge exchange between students and the community, reflecting BAU's role in linking academic learning with local development and promoting innovation in the creative sector.

Enhancing Community Awareness at BAU through Educational and Values-Based Engagement Activities

BAU organized an awareness lecture titled “Making the Most of Ramadan” as part of its community-oriented educational activities. The session promoted personal development, ethical values, and social responsibility, encouraging balanced lifestyles and community engagement, contributing to well-being and lifelong learning and awareness

Enhancing Student Employability at BAU through Community-Linked Career Guidance and Skills Development

BAU organized a career guidance workshop in collaboration with national institutions, engaging students and graduates in practical employment preparation. The activity focused on CV writing, interview skills, and access to national employment platforms, supporting decent work opportunities and strengthening partnerships for workforce readiness

Promoting Inclusion and Equal Opportunities at BAU through Community Engagement for Persons with Disabilities

BAU organized an awareness day engaging students, experts, and community stakeholders to promote inclusion and empowerment of people with disabilities. The activity supported inclusive education and community integration, contributing to reduced inequalities and strengthening awareness and access to equitable opportunities

Strengthening International Collaboration at BAU through Capacity Building in Digital Fashion Education

BAU hosted the final conference of an EU-funded Erasmus+ project focused on 3D garment design training, engaging academic, industry, and international partners. The initiative promoted innovation, vocational education, and entrepreneurship, enhancing quality education and strengthening international partnerships and knowledge exchange

Enhancing Workforce Readiness at BAU through Community Engagement on Future Skills Development

BAU hosted an awareness session in collaboration with the Crown Prince Foundation to engage students in understanding labor market demands and future skills. The activity promoted capacity building, digital and soft skills development, and career readiness, contributing to quality education and supporting employability and economic growth

Enhancing Digital Skills at BAU through Community Engagement in Programming and Innovation Training

BAU organized a training workshop in collaboration with national partners to equip students with advanced programming and digital skills. The activity supported youth empowerment and readiness for the digital economy, contributing to quality education and promoting innovation and technological capacity development

Enhancing Digital Entrepreneurship at BAU through Community Engagement in E-Commerce Training

BAU, delivered a training course in e-commerce in collaboration with national youth organizations, engaging students and members of the local community. The program developed practical skills in digital business, online marketing, and freelance work, contributing to quality education and supporting entrepreneurship and economic growth

Advancing Innovative Learning at BAU through Community Engagement in Artificial Intelligence Education

BAU, organized an awareness lecture on artificial intelligence and its applications in modern education, engaging students and academic stakeholders. The activity promoted digital literacy, innovation, and future-ready skills, contributing to quality education and supporting technological advancement in learning environments

Fostering Entrepreneurial Mindset at BAU through Capacity Building and Workplace Innovation Training

BAU, organized a training workshop to enhance entrepreneurial thinking and innovation among staff members. The activity promoted creative problem-solving, institutional development, and a culture of initiative within the workplace, contributing to quality education and lifelong learning and supporting innovation and economic growth

Promoting Inclusive Communication Skills at BAU through Community Engagement in Sign Language Training

BAU, organized a training workshop on sign language to enhance inclusive communication skills among staff and participants. The activity supported accessibility and inclusion for people with hearing disabilities, contributing to reduced inequalities and promoting inclusive and equitable education environments.

Enhancing Inclusion and Community Awareness at BAU through Autism Awareness and Support Activities

BAU organized an awareness day engaging students and the community to promote understanding of autism spectrum disorder and inclusive practices. The activity highlighted educational, psychological, and social aspects of inclusion, contributing to reduced inequalities and supporting inclusive education and awareness

Enhancing Employability and Industry Engagement at BAU through Participation in Career and Industry Events

BAU, participated in a career day organized by the Chamber of Industry, engaging with employers and industry stakeholders to support student employment opportunities. The activity strengthened the alignment between education and labor market needs, contributing to decent work and economic growth and fostering partnerships between academia and industry

BAU Knowledge Exchange Initiative: Promoting Technical and Vocational Education through Community Outreach

BAU, delivered an outreach initiative by organizing a scientific day on technical and vocational education (BTEC) in collaboration with the Ministry of Education. The event engaged school students, parents, and the local community through awareness sessions, interactive discussions, and practical demonstrations, supporting informed educational pathways and workforce readiness.

BAU Knowledge Exchange Initiative: Strengthening Graduate Employability through Industry Engagement

BAU, delivered a community outreach initiative by organizing a career day in collaboration with a private sector partner to provide employment opportunities for students and graduates. The initiative supports knowledge exchange between academia and industry, enhancing employability and alignment with labour market needs.

BAU Knowledge Exchange Initiative: Empowering Youth through Civic Engagement and Political Awareness

BAU, delivered a community outreach initiative by organizing a dialogue seminar focused on youth empowerment and political awareness. The event engaged students and community stakeholders in discussions on civic participation, fostering informed engagement and strengthening the role of youth in society.

BAU Knowledge Exchange Initiative: Advancing Environmental Awareness through Community-Based Green Outreach

BAU delivered a community outreach initiative by launching a green campaign in collaboration with an international partner, promoting environmental awareness and sustainability practices. The initiative engaged students and stakeholders in tree planting activities, strengthening community participation and knowledge exchange on environmental responsibility.

BAU Knowledge Exchange Initiative: Empowering Youth with Digital Skills through National Program Outreach

BAU, delivered an outreach initiative by hosting an awareness session on a national digital skills program for youth. The session engaged students in learning opportunities related to programming, data analysis, and AI, enhancing employability and strengthening knowledge exchange with national partners.

Nursing Students from Al-Karak University College Participate in Community Health Initiative at Al-Karak Government Hospital

Nursing students took part in a community health initiative at Al-Karak Government Hospital, focusing on the women's health department. The activity aimed to raise health awareness among patients while providing students with practical field experience, strengthening the link between academic learning and community service, and enhancing their professional and social responsibility.

Awareness Lecture on Family Planning and Safe Contraceptive Choices at Al-Karak Government Hospital

Midwifery students from Al-Karak University College delivered an awareness lecture for women at Al-Karak Government Hospital on safe and appropriate contraceptive methods. The session aimed to improve health awareness, clarify misconceptions, and support informed decision-making, while enhancing students' practical experience and strengthening community engagement in women's health.

Community Health Outreach Activity on Personal Hygiene for Children by Nursing Students at Al-Karak University College

Nursing students conducted a community outreach activity at a local kindergarten and school to promote personal hygiene and health awareness among children. Through interactive and age-appropriate methods, the initiative aimed to instill preventive health practices while strengthening students' practical experience and reinforcing BAU's role in serving and engaging with the local community.

Community Health Outreach Workshop on Cesarean Section Awareness at Al-Karak Government Hospital

Al-Karak University College organized a community outreach workshop in collaboration with a local hospital to raise awareness about cesarean section procedures and post-operative care. The activity targeted women in the community, providing accessible health education and practical guidance, while strengthening BAU's role in delivering health awareness services beyond the campus.

Community Health Outreach Workshop “Little Nurse” for School Students at Al-Karak University College

BAU organized a community outreach workshop targeting school children to promote basic health awareness and healthy habits. The activity introduced concepts such as personal hygiene and dental care through interactive methods, while also providing basic health assessments, reflecting BAU’s role in delivering early health education and engaging with the local community.

Community Outreach Launch Event for Arab Breast Cancer Awareness Campaign at Al-Karak University College

BAU hosted a community outreach event to launch the Arab Breast Cancer Awareness Campaign in collaboration with national health partners. The initiative aimed to raise awareness among students and the local community about the importance of early detection and preventive practices, reinforcing BAU’s role in promoting public health awareness and community engagement.

Community Health Outreach Initiative “Know Your Blood Type”

Al-Balqa Applied University implemented a community health outreach initiative in schools to raise awareness about blood types and basic health concepts. The activity included educational sessions and practical testing, engaging students and teachers while promoting early health awareness and preventive knowledge, reflecting BAU’s role in delivering health education services to the local community.

Enhancing Community Health at BAU through Participation in Free Medical Outreach Services

BAU, participated in a free medical day serving the local community, with involvement from academic staff and students in health-related disciplines. The initiative provided medical screenings, consultations, and health education, contributing to improved well-being (SDG 3) and strengthening community engagement and access to essential health services (SDG 10).

Enhancing Community Health Support at BAU through Collaborative Medical Outreach Initiatives

BAU participated in a free medical day in collaboration with the municipality and community partners, engaging students in delivering healthcare and awareness services. The initiative provided medical screenings and support to residents, contributing to improved well-being and strengthening community partnerships and access to essential health services

Promoting Applied Learning and Community Engagement at BAU through Scientific and Practical Knowledge Exchange Activities

BAU organized a scientific day engaging students, academics, and community stakeholders in knowledge exchange and practical learning. The event showcased student research, applied skills, and health awareness activities, fostering innovation and real-world application of knowledge, contributing to quality education and supporting health awareness and well-being

BAU Knowledge Exchange Initiative: Community Health Outreach through Blood Donation Campaign

BAU delivered a community health outreach initiative by organizing a blood donation campaign in collaboration with the national blood bank. The activity engaged students and staff in supporting local healthcare needs, reinforcing social responsibility and community partnership.

BAU Knowledge Exchange Initiative: Advancing Community Health Awareness through Breast Cancer Outreach

BAU delivered a community health outreach initiative by organizing an awareness day on breast cancer in collaboration with a national health organization. The event engaged students, staff, and the local community through education, early detection awareness, and on-site screening support.

3-Community Engagement & Social Development

Advancing Community Engagement at BAU Supporting Orphaned Children through Sustainable Social Initiatives

annual charitable iftar for orphaned children, engaging students, staff, and the local community in a long-standing outreach activity. The event included recreational and social programs, financial support, and collaboration with local organizations, promoting well-being) and strengthening community partnerships and social inclusion

Enhancing Community Awareness at BAU through Educational and Values-Based Engagement Activities

An awareness lecture titled “Making the Most of Ramadan” as part of its community-oriented educational activities. The session promoted personal development, ethical values, and social responsibility, encouraging balanced lifestyles and community engagement, contributing to well-being and lifelong learning and awareness

Advancing Digital Education at BAU through Community Engagement in Virtual Reality Technologies

Al-Balqa Applied University organized a scientific day on virtual reality (VR) in education in collaboration with industry partners, engaging students, educators, school representatives, and the local community. The event promoted knowledge sharing, digital innovation, and practical learning approaches, supporting quality education and fostering partnerships and knowledge exchange between academia and industry

Promoting Environmental Awareness at BAU through Community Engagement in Tree Planting Activities

Al-Balqa Applied University organized a tree planting activity involving students, staff, and the local community to promote environmental awareness and sustainability practices. The initiative encouraged volunteerism and responsible environmental behavior, contributing to climate action and environmental protection while fostering sustainable campus and community engagement.

Enhancing Public Health Awareness at BAU through Community Engagement and Preventive Education

BAU organized a health awareness lecture in collaboration with regional scientific and medical organizations, engaging students and the wider community. The activity promoted preventive healthcare, early disease detection, and health education, contributing to improved well-being and strengthening partnerships in health knowledge dissemination (

Promoting Inclusion and Equal Opportunities at BAU through Community Engagement for Persons with Disabilities

BAU organized an awareness day engaging students, experts, and community stakeholders to promote inclusion and empowerment of people with disabilities. The activity supported inclusive education and community integration, contributing to reduced inequalities (and strengthening awareness and access to equitable opportunities

Enhancing Workforce Readiness at BAU through Community Engagement on Future Skills Development

BAU hosted an awareness session in collaboration with the Crown Prince Foundation to engage students in understanding labor market demands and future skills. The activity promoted capacity building, digital and soft skills development, and career readiness, contributing to quality education and supporting employability and economic growth

Strengthening Cultural Awareness and National Identity at BAU through Community Engagement Activities

BAU organized a national seminar engaging students and community figures to promote cultural awareness and national identity. The activity encouraged knowledge sharing on leadership, heritage, and societal values, contributing to quality education and civic awareness and fostering inclusive community engagement

Enhancing Academic Quality and Institutional Development at BAU through Collaborative Knowledge Sharing

Al-Balqa Applied University, hosted a specialized visit from the university's Quality Assurance Center to strengthen academic and administrative performance. The engagement facilitated knowledge exchange on quality standards, continuous improvement practices, and institutional development, contributing to quality education and supporting innovation and effective institutional partnerships

Enhancing Community Safety Awareness at BAU through Collaborative Engagement with Public Security Institutions

Al-Balqa Applied University organized an awareness workshop in collaboration with the Public Security Directorate, engaging students and community stakeholders to promote safe behaviors and social responsibility. The activity addressed key societal challenges such as cybercrime, violence, and substance abuse, contributing to sustainable communities) and strengthening institutional partnerships and community awareness

Promoting Environmental Responsibility at BAU through Community Participation in National Clean-Up Campaigns

Al-Balqa Applied University participated in a national environmental clean-up campaign in collaboration with local authorities and community stakeholders. The initiative engaged students alongside over 500 volunteers to promote environmental awareness and sustainable waste practices, contributing to climate action and strengthening community partnerships for environmental protection

Fostering Innovation and Entrepreneurship at BAU through Community Engagement in Medical Education

Al-Balqa Applied University organized a lecture engaging students and industry experts to explore entrepreneurship in medical fields. The activity promoted innovative thinking, practical application of knowledge, and collaboration between academia and industry, contributing to quality education and supporting innovation and economic development

Strengthening Industry Collaboration at BAU through Community Engagement with the Manufacturing Sector

BAU conducted an academic visit to a leading garment manufacturing company to enhance collaboration between academia and industry. The engagement supported curriculum development, practical training opportunities, and alignment with labor market needs, contributing to quality education and strengthening partnerships for sustainable development

Fostering Entrepreneurial Mindset at BAU through Capacity Building and Workplace Innovation Training

Al-Balqa Applied University organized a training workshop to enhance entrepreneurial thinking and innovation among staff members. The activity promoted creative problem-solving, institutional development, and a culture of initiative within the workplace, contributing to quality education and lifelong learning and supporting innovation and economic growth

Enhancing Community Health Engagement at BAU through Student Participation in Medical Outreach Services

BAU participated in a free medical day engaging students in delivering healthcare support and awareness services to the local community. The initiative provided basic medical screenings, health education, and pharmaceutical guidance, contributing to improved well-being and strengthening community support and access to essential health services

Promoting Cultural Identity and Community Engagement at BAU through National Celebration Activities

BAU organized a national celebration engaging students and the local community. The activity included cultural performances, exhibitions, and collaborative initiatives, contributing to quality education and civic awareness and fostering inclusive community engagement and social cohesion

Promoting Environmental Awareness and Community Safety at BAU through Participation in National Awareness Campaigns

BAU participated in a national awareness initiative in collaboration with public security and civil defense institutions, engaging students in environmental and safety campaigns. The activity promoted environmental protection, risk prevention, and community awareness, contributing to sustainable communities and supporting environmental sustainability

Strengthening Community Partnerships at BAU through Capacity Building and Workforce Development Initiatives

BAU established a collaborative agreement with local government and professional institutions to deliver specialized training programs for community members. The initiative focused on enhancing employability, technical skills, and entrepreneurship for over 200 beneficiaries, contributing to quality education and promoting partnerships and economic development

Enhancing Employability and Industry Engagement at BAU through Participation in Career and Industry Events

BAU participated in a career day organized by the Chamber of Industry, engaging with employers and industry stakeholders to support student employment opportunities. The activity strengthened the alignment between education and labor market needs, contributing to decent work and economic growth and fostering partnerships between academia and industry

Advancing Community Engagement at BAU Supporting Orphaned Children through Inclusive Social Initiatives

BAU organized a charitable iftar engaging students, staff, and the local community to support orphaned children. The activity promoted social solidarity, volunteerism, and inclusive community support, contributing to well-being and supporting vulnerable groups through social inclusion

Promoting Environmental Sustainability at BAU through Community Engagement in Tree Planting Initiatives

BAU, organized a tree planting initiative engaging students, staff, and the local community to promote environmental awareness and green practices. The activity encouraged volunteerism and sustainable behavior, contributing to climate action and environmental sustainability and fostering community engagement

Promoting Inclusion and Empowerment at BAU through Community Engagement Supporting Persons with Disabilities

BAU organized an awareness event celebrating the achievements of persons with disabilities, engaging students and community members in inclusive activities. The initiative highlighted empowerment, accessibility, and social participation, contributing to reduced inequalities and supporting inclusive and equitable education and community awareness

BAU Knowledge Exchange Initiative: Strengthening Community Engagement through Support for Orphaned Children

BAU implemented a community outreach initiative by organizing a charitable iftar for orphaned children. The activity, supported by student volunteers and staff, included interactive and recreational engagement, reflecting BAU's commitment to inclusive community service and knowledge exchange with local communities.

BAU Knowledge Exchange Initiative: Promoting Technical and Vocational Education through Community Outreach

BAU delivered an outreach initiative by organizing a scientific day on technical and vocational education (BTEC) in collaboration with the Ministry of Education. The event engaged school students, parents, and the local community through awareness sessions, interactive discussions, and practical demonstrations, supporting informed educational pathways and workforce readiness.

BAU Knowledge Exchange Initiative: International Scientific Engagement Strengthening Research and Community Impact

BAU, contributed to international knowledge exchange by participating in a specialized scientific seminar at Cairo University on body engineering. The engagement facilitated collaboration with researchers and academics, promoting the application of scientific knowledge to health and community development.

BAU Knowledge Exchange Initiative: Strengthening Graduate Employability through Industry Engagement

BAU delivered a community outreach initiative by organizing a career day in collaboration with a private sector partner to provide employment opportunities for students and graduates. The initiative supports knowledge exchange between academia and industry, enhancing employability and alignment with labour market needs.

BAU Knowledge Exchange Initiative: Empowering Youth through Civic Engagement and Political Awareness

BAU delivered a community outreach initiative by organizing a dialogue seminar focused on youth empowerment and political awareness. The event engaged students and community stakeholders in discussions on civic participation, fostering informed engagement and strengthening the role of youth in society.

BAU Knowledge Exchange Initiative: Advancing Cultural Dialogue through International Literary and Media Conference

BAU, delivered a cultural outreach initiative by hosting an international conference on poetry and media in collaboration with national and regional partners. The event engaged academics, artists, and community participants, promoting cultural exchange, dialogue, and knowledge sharing at both local and international levels.

BAU Knowledge Exchange Initiative: Promoting Inclusion and Community Engagement through Student Achievement in Sports

BAU supports inclusive outreach by promoting student participation in sports for persons with disabilities. The achievement of a student in a regional championship reflects BAU's commitment to inclusion, community engagement, and empowering diverse student groups.

BAU Knowledge Exchange Initiative: Strengthening Community Resilience through Volunteerism and Civil Defense Engagement

BAU contributed to community outreach by participating in a volunteer day with the Civil Defense. The initiative engaged students in awareness activities and practical demonstrations, promoting community safety, volunteerism, and knowledge exchange with local stakeholders.

BAU Knowledge Exchange Initiative: Advancing Environmental Awareness through Community-Based Green Outreach

BAU delivered a community outreach initiative by launching a green campaign in collaboration with an international partner, promoting environmental awareness and sustainability practices. The initiative engaged students and stakeholders in tree planting activities, strengthening community participation and knowledge exchange on environmental responsibility.

BAU Knowledge Exchange Initiative: Empowering Youth with Digital Skills through National Program Outreach

BAU delivered an outreach initiative by hosting an awareness session on a national digital skills program for youth. The session engaged students in learning opportunities related to programming, data analysis, and AI, enhancing employability and strengthening knowledge exchange with national partners.

BAU Knowledge Exchange Initiative: Advancing Global Research Collaboration through International Scientific Engagement

BAU contributed to global knowledge exchange through participation in an international scientific conference, presenting specialized research alongside global experts. This engagement strengthens research collaboration, knowledge dissemination, and the university's connection to the wider academic and scientific community.

BAU Knowledge Exchange Initiative: Enriching Community Cultural Dialogue through Literary Outreach

BAU delivered a cultural outreach initiative by hosting a literary poetry event in collaboration with community partners. The activity engaged students, academics, and local cultural figures, fostering dialogue, cultural exchange, and community engagement.

BAU Knowledge Exchange Initiative: Enhancing Community Safety and Health Awareness through Civil Defense Outreach

BAU delivered a community outreach initiative by hosting a public awareness campaign in collaboration with Civil Defense. The event engaged students and the local community through safety education, emergency response demonstrations, and basic health screenings.

BAU Knowledge Exchange Initiative: Showcasing Applied Learning and Innovation through Community Engagement

BAU delivered an educational outreach initiative by showcasing student projects in dental laboratory technology. The event engaged students and the community, highlighting applied learning, innovation, and practical skills aligned with workforce needs.

BAU Knowledge Exchange Initiative: Advancing Research and Academic Dialogue through Scientific Week Outreach

BAU, delivered a knowledge exchange initiative by organizing a scientific week featuring lectures, research presentations, and academic discussions. The event engaged students, academics, and experts, fostering knowledge sharing, innovation, and interdisciplinary collaboration.

BAU Knowledge Exchange Initiative: Strengthening Language Education and Academic Dialogue through Scientific Outreach

BAU delivered an academic outreach initiative by organizing a scientific day for the English Language and Literature Department. The event engaged students and academics through lectures, research presentations, and discussions, promoting knowledge exchange and enhancing language and communication skills.

BAU Knowledge Exchange Initiative: Strengthening Social Inclusion through Community Outreach for Orphaned Children

BAU delivered a community outreach initiative by organizing a charitable iftar for orphaned children in collaboration with a local charity. The event engaged students and staff in social and cultural activities, promoting inclusion, compassion, and community engagement.
